

# There is Something You Rarely Find At Any Other Medical Imaging Center

## The Owners

Founded in 1985, Central Diagnostic Imaging is still managed by its owners on a daily basis. The quality of your care is monitored by the people with the most vested interest.

Always providing leading edge medical imaging technology including:

Multi-slice (16 slice) GE Brightspeed helical CT scanner  
(3D imaging, CT Angiography and Virtual Colonoscopy)

GE 1.5 Tesla high field MRI scanner with "HD" Excite Technology  
(High Resolution, High Speed exams including Breast MRI)

GE Voluson 730 Expert 3D/4D Ultrasound  
(High Resolution Imaging for Musculoskeletal and Fetal Evaluation)
