IS

## CHENANGO COUNTY'S CATHOLIC SCHOOL

We offer nursery, pre-school, elementary and middle school students a well-rounded educational experience with a focus on traditional values. Students of all faiths are welcome -- 20% of our students are not Catholic.

Elementary classrooms are self-contained with a challenging learning environment and close and continuous supervision.

Most of our students achieve level 3 or 4 on the NYS English Language and Math Assessment tests. Many of our graduates become honor students in their home school districts and go on to excel in college and professional life.

Become part of our Holy Family -- registration for the 2008-2009 school year begins in February and openings are available in most grade levels. Visitors are welcome!

Call for more information or to arrange a tour to see how our school works!
