

# **FLUSHING OF WATER MAINS**

## **Tuesday, May 19, 2020 Through June 23, 2020**

During the weeks of May 19, 2020 through June 23, 2020, water personnel will be flushing all fire hydrants in the water system. This procedure allows the water system to flush the water mains and simultaneously the hydrants are checked for damage, leakage, flow and operation. Customers experiencing cloudy water during this time should run a cold water faucet to waste until the flow clears.
