

PUBLIC STATEMENT HEARINGS TO BE HELD IN PSC CASES 20-E-0380, 20-G-0381 – NIAGARA MOHAWK POWER CORPORATION d/b/a NATIONAL GRID FOR ELECTRIC AND GAS SERVICE

On July 31, 2020, Niagara Mohawk d/b/a National Grid (Niagara Mohawk) filed amendments to its electricity and gas tariff schedules and electric and gas delivery revenues effective July 1, 2020. Niagara Mohawk proposes to increase its electric delivery revenues by approximately \$100.4 million (a 4.9% increase in base delivery revenues or a 3.2% increase in total revenues), and its natural gas delivery revenues by approximately \$41.8 million (a 9.8% increase in base delivery revenues or a 5.2% increase in total revenues). Niagara Mohawk states that its rate filings include proposals to: maintain affordability and mitigate customer bill impacts during the pandemic; modernize its electric and gas infrastructure; progress towards the goals of the Climate Leadership and Community Protection Act; promote energy efficiency and improve customer experience; and preserve Niagara Mohawk's credit quality and provide it the opportunity to earn a reasonable rate of return. The actual bill impacts of these proposed changes on any particular customer class will vary based upon revenue allocation and rate design.
